LISTEN 52

We are recruiting 8 young people aged between 16 and 21 to become Young Producers on our paid internship.

This internship is designed to provide experience and opportunities for anyone who might be interested in starting a career in the arts. You do not need to have any experience in delivering arts events or working professionally in the arts, just a willingness to get stuck in!

The internship will run for 10 months and each intern will work roughly 12 hours each month at £8.36 per hour. As part of the internship you will learn and develop a variety of skills, meet like minded individuals and peers and work with professional artists to co-create artwork with children and young people.

To apply please email Lauren at Lauren@wearechol.co.uk a little bit about yourself. You can do this in anyway you would like, some examples are as follows

- a few paragraphs in either a letter or essay format
- a video blog or short film
- a creative introduction to you (this could be artwork, collage, scrapbook)

In your introduction ideally we would like to know;

- who you are, your interests, background, hobbies
- where you live in Sheffield and any other connections you might have to other areas of the city
- if you have had any previous experiences in the arts (professionally, through education on a similar internship)
- why you would like to have this opportunity

We will invite a number of applicants for an informal meeting where you will join and meet other potential interns and take part in a few creative activities. This will also give us an opportunity to find out a little bit more about you and vice versa.

Once we have appointed the Young Producer interns we will decide as a collective when and where we will meet each week making sure the scheme works around each individual to the best of our ability. If you have any questions please do not hesitate to contact Lauren on Lauren@wearechol.co.uk.
